# ACT!

AGAINST  
VIOLENCE  
AND SEXUAL  
EXPLOITATION

## According to these assumptions Act! aims at:

! **Improve** the quality, the professionalism and the competences of youth organizations and youthworkers in prevention and resilience' techniques addressing youth on sexual exploitation and trafficking

! **Exploring** the role of ICT in human trafficking and sexual exploitation and promote the strategic use of social media for youth organizations campaigning and prevention facilitating vulnerable youth access to information.

! **Facilitating** the use and dissemination of innovative techniques and professional' tools in EN, FR, ES, IT, and peer learning education.

! **Promoting** strategic cross-border cooperation and networking between youth organizations, private and public sector.

! **Facilitate** the internationalization of techniques and cooperation of youth organizations.

## Project Description

**Act! arises as a joint action among professionals' organizations working specifically in the field of sexual exploitation and human trafficking.**

According to the UNODC Global Trafficking in Persons Report (2018), the number of victims is increasing. If we specifically refer to youth, there is limited research surrounding the sexual trafficking of women and girls facilitated by social media. However, evidence suggests that social media play a significant role.

## ACTIONS:

An International Awareness Campaign on Media

Educational workshops in five countries

Research, capacity building and best practices exchange

We invite young people interested in the ACT! activities to participate! Your contribution can change things, do not hesitate!
